

Elkay Water Cooler Warranty

Five-year limited warranty on the refrigeration system of the unit. Electrical components and the water system are warranted for 12 months from date of installation. Sample certificate available upon request. Products used for non-drinking water applications are not covered under warranty.

*Please note: A pressurized cooling tank is required for models equipped with glass filler and for models that will supply chilled water to remote fountain. These water cooler models must be located within 10' of the remote fountain. Indicate "with pressurized water system " on order.
